Re: Mr. Gilberto Fyzaguirre

Gentlemen:

Last evening I chose to take six relatives and friends to your great restaurant. Unfortunately, I was extremely disappointed to learn that Mr. Gilberto Fyzaguirre was discharged due to an allegation of "harrasment." This came to all of us, who have known Gilberto for over twenty years, as a shocking downturn for what we hoped would be another delightful meal at your place. We were all saddened.

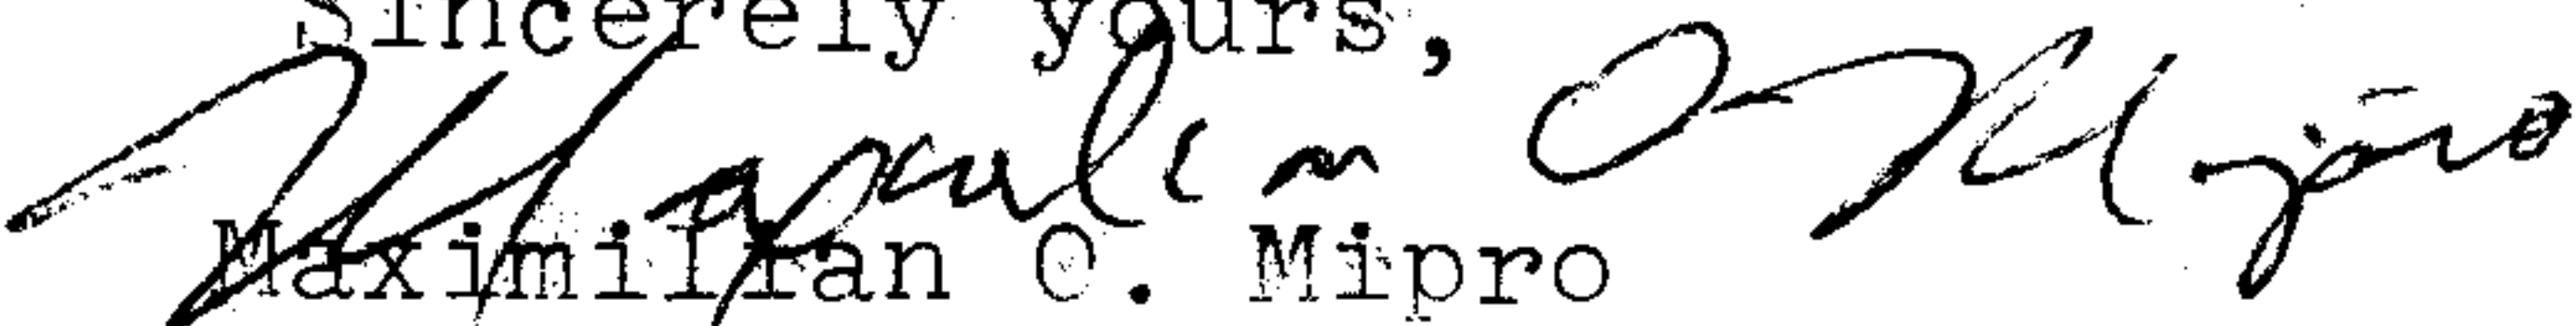

We all have known Gilberto always to be a thorough, polite, and exceptional waiter. He is one of the primary reasons we patronize your restaurant. In fact, I will treat ten more people this coming Saturday evening, as is our family custom for over forty years. Without Gilberto as our waiter, something special is definitely missing.

We know how you are sensitive to charges such as harrasment, and in fairness sake, we very strongly urge you to check out the facts, not rumors of the situation.

We chose your restaurant over Antoine's, Arnaud's, etc. and have had many very special meals at Galatoire's. Your meals are great, but the service from Gilberto means just as much.

Please have the matter looked into for facts. Although we were not at the restaurant during whatever incident happened, we know that Gilberto is totally incapable of anything but the polite, efficient and flawless service to his customers and to Galatoire's. I will await your thoughts and actions to rectify this loss to Galatoire's.

Sincerely yours,
